

## DELTA SENIORS BUS

The Delta Seniors Bus service is a free, convenient transportation option available to seniors 65 and older who live in Delta. This service is designed to help seniors remain active and independent by offering access to key local destinations such as medical facilities, shopping centres, recreation areas, and other essential services. Seniors can book a ride up to seven days in advance, and the bus will make curbside stops for pick-up and drop-off locations.

To ensure smooth and efficient service, passengers are asked to be ready at the curb ten minutes before the scheduled pick-up time. While every effort is made to arrive at the requested time, the bus may arrive earlier or later due to unforeseen circumstances. This bus service is fully equipped to accommodate mobility devices like wheelchairs and small scooters, allowing seniors with different needs to use the service. While passengers must be able to independently board and disembark, caregivers and companions are expected to assist if necessary.

Availability of rides depends on demand, but the program continues to offer a vital resource for seniors looking to maintain their independence and stay connected to their community.

Licensed service animals are welcome.

An assessment of wheelchairs or mobility scooters is required, including:

- ▶ Measurement of the device, demonstration of the passenger's abilities, and securing the device for safe travel.
- ▶ Passengers with mobility scooters must take the stairs when boarding the bus; the lift will be used for the scooter only.
- ▶ Assessments are done every two years, and with new devices.
- ▶ Passengers requiring enhanced accessibility services due to mobility or memory challenges are encouraged to explore alternative transportation options including arrangement of a caregiver for 1-1 assistance.
